**The Geeky Punks Governance Token: A Revolutionary Step in Franchise Development The first of its kind.**

## Introduction:

Geeky Punks, an exciting and groundbreaking franchise set in the year 2300, introduces a universe rich with alien tribes, avatar-like beings, and surviving humans. It weaves a complex narrative of unity, resistance, and adventure. To fund the project and

democratize decision-making, we are proud to present the Geeky Punks (\$GP) Governance Token.

### Objective:

The primary objective of the \$GP token is to empower holders with a say in major project decisions and developments, from merchandise designs to the direction of the TV series and movie. By holding \$GP tokens, you become an essential part of the journey and can influence the evolution of the Geeky Punks universe.

### Tokenomics:

\$GP is a utility and governance token. We've structured its tokenomics to encourage long-term holding and active participation.

5. Team & Advisors (7%): 70 billion GP tokens will be distributed to the team and advisors. These will be vested over a period (4 years) with a cliff period (1 year) to ensure long-term commitment.
6. Reserve (3%): 30 billion GP tokens will be kept in reserve to deal with any unforeseen circumstances or new opportunities that might arise.

To further establish trust, we will implement a multisig wallet for controlling these funds. This means that multiple signatories will be required to authorize transactions, providing an additional layer of security and transparency.

Furthermore, we're committed to the principle of community governance. The initial token allocation isn't set in stone. As we establish governance protocols, token holders will be able to participate in key decisions about the project, potentially including re-evaluating token allocations. We're excited to empower our community in this way and look forward to seeing the project evolve based on your input.

This token allocation provides a balance between immediate liquidity, ongoing costs, and long-term sustainability. Our commitment is to ensure the successful growth of the GeekyPunks franchise, while delivering maximum value to our GP token holders.
