The Geeky Punks Governance Token: A Revolutionary Step in Franchise Development
The first of its kind.

Introduction:

Geeky Punks, an exciting and groundbreaking franchise set in the year 2300, introduces a universe rich with alien tribes, avatar-like beings, and surviving humans. It weaves a complex narrative of unity, resistance, and adventure. To fund the project and democratize decision-making, we are proud to present the Geeky Punks (\$GP) Governance Token.

Objective:

The primary objective of the \$GP token is to empower holders with a say in major project decisions and developments, from merchandise designs to the direction of the TV series and movie. By holding \$GP tokens, you become an essential part of the journey and can influence the evolution of the Geeky Punks universe.

Tokenomics:

\$GP is a utility and governance token. We've structured its tokenomics to encourage long-term holding and active participation. A percentage of all franchise revenue will go into buybacks of \$GP tokens, ensuring consistent demand and token value appreciation.

Utility:

\$GP token holders will have exclusive access to the following benefits:

1. **Voting Rights:** Influence the direction of the Geeky Punks universe.
2. **Exclusive Access:** Early access to new episodes, releases, NFT whitelist and merchandise.
3. **Profit Sharing:** A share in the revenue from licensing deals, merchandising, and gaming.
4. **Community Recognition:** Opportunity to contribute content and receive recognition/rewards.

Roadmap:

1. **Token Launch:** Raising initial funds for project development.
2. **NFT Release:** Release of initial NFTs related to characters and key plot moments.
